

The Center for Higher Education Enterprise-Access Day Program

Purpose

The CHEE Access Day program provides K-12 students with a college visit day including tailored curriculum for each visiting group of students. The goal of the program is to broaden knowledge and awareness of higher education opportunities, linking students to academic, social, and financial resources.

Program Objectives:

- Create College Awareness Including Preparation, Application Process, and Financial Aid
- Create Career Field Awareness- Connecting to Higher Education Programs
- Build Student Confidence/Self-Efficacy
- Support Growth Mindsets and Cognitive Development

Impact

Increased student interest and understanding of college application processes, and financial aid.

Increased student understanding of college resources that enable college completion. (Academic and Social Activities Resources)

Increased student understanding of the application and role of a growth mindset in academic achievement.

How you can get involved:

- Volunteer with CHEE Access Days- Facilitators needed
- Follow CHEE on Instagram, Twitter, Facebook, LinkedIn
- Share our message of Higher Education Access, Affordability, Engagement, and Excellence
- Support our partners: Franklin County Children's Services, Springfield City Schools, Ohio Department of Youth Services
- Nominate a school to participate in a CHEE Access Day
